Website Subcommittee Committee update

Since the summer, CDPEI and the Website Subcommittee have been exploring the options for improving or replacing our website. We are working on overcoming barriers including unforeseen costs. We are currently reevaluating our approach, obtaining updated quotes, and exploring the best options for CDPEI and Registrants. A recommendation Council received from the website subcommittee was the option for electronic submission for renewal documents. This was approved at the December 2024 Council meeting and will be in practice for the February 2025 renewal.
