

## Publicly Accessible Dietitian Services

Registered Dietitians and Nutritionists work in a variety of settings. Here are some ideas for locating a Registered Dietitian or Nutritionist in your area:

- Ask your health care provider for a referral to a Registered Dietitian or Nutritionist
- If you do not have a health care provider you can request a referral through:
  - Health PEI Maple virtual care service: [Virtual Health Care for Islanders without a Primary Care Provider | Government of Prince Edward Island](#)
  - [Patient Navigator | Government of Prince Edward Island](#)
- You may be able to connect with a Registered Dietitian or Nutritionist at Health PEI through the following links:
  - [Health Centres Offer Primary Care | Government of Prince Edward Island](#)
  - [Community Nutrition Program | Government of Prince Edward Island](#)
  - [Diabetes Program | Government of Prince Edward Island](#)
  - [Chronic Disease Prevention and Management | Government of Prince Edward Island](#)
  - [Home Care Program | Government of Prince Edward Island](#)
  - [PEI Cancer Treatment Centre | Government of Prince Edward Island](#)
  - [PEI Renal Program | Government of Prince Edward Island](#)
- If you have private health insurance or can pay out of pocket, you may be able to access a private practice dietitian— a list of available practitioners can be found on the public section of the CDPEI website
